**TO: PARTIES INTERESTED IN EVALUATION REPORTS ON CONCRETE AND REINFORCED AND UNREINFORCED MASONRY STRENGTHENING USING EXTERNALLY BONDED FIBER-REINFORCED (FRP) COMPOSITE SYSTEMS (AC125)**

**SUBJECT: Section 7.3 (Design Criteria) of AC125**

Dear Madam or Sir:

The subject acceptance criteria was reviewed under the alternate criteria process. The proposed revisions were posted to our web site for public comment in June 2008.

The purpose of posting this criteria under the alternate agenda was to solicit comments regarding Section 7.3 (Design Criteria). ICC-ES received the following correspondence with regard to this posting:

1. Letter from the Structural Group, dated June 27, 2008, prepared by S. Rocca, Ph.D., N. Galati, Ph.D., and T. Alkhrdaji, Ph.D., P.E.
2. Letter from Fyfe Co. LLC, dated June 26, 2008, signed by Scott Arnold, P.E.

In response to these letters, ICC-ES staff is considering revising AC125 and taking the criteria to an Evaluation Committee meeting in the future.
