TO: PARTIES INTERESTED IN EVALUATION REPORTS ON POST-INSTALLED ADHESIVE ANCHORS IN CONCRETE ELEMENTS

SUBJECT: Acceptance Criteria for Post-installed Adhesive Anchors in Concrete Elements, Subject AC308-0808-R1 (BG/ME)

Dear Madam or Sir:

The subject revised acceptance criteria was reviewed under the alternate criteria process. Proposed revisions were posted to our web site for public comment and sent to the ICC-ES Evaluation Committee for review on August 1, 2008. The revised acceptance criteria was approved by ballot of the ICC-ES Evaluation Committee with a September 1, 2008, effective date. No comments were received in response to the criteria posting. The following revisions were approved by the committee:

Revisions were approved to Section 6.3 concerning corrosion-resistance. The revisions allow corrosion-resistant coatings meeting specifications other than ASTM A 153 and ASTM B 695, provided equivalence is proven by testing.

ICC-ES evaluation reports issued on or after the effective date noted above, both new reports and conversions of legacy reports, must comply with this criteria if they fall within its scope.

If you have any questions, please contact Brian Gerber, S.E., principal structural engineer, at (800) 423-6587, extension 3260. You may also reach us by e-mail at es@icc-es.org.

Yours very truly,

A handwritten signature in black ink that reads "Kurt Stochlia".

Kurt Stochlia, P.E.
Vice President – External Operations
