Subject: Proposed Revisions to the ICC-ES Acceptance Criteria for Fiber-reinforced magnesium-oxide-based Sheets, Subject AC386-1208-R1 (MB/YM)

MEMO

Proposed revisions to the subject acceptance criteria were posted for comment on the December posting of the ICC-ES alternative criteria process agenda. Four comments were received, three in opposition to the proposed revisions. The proponent of the revisions has been asked to consider the comments and, if appropriate, to either respond to the comments or to offer additional revisions to the criteria. In either case, further action on the criteria with regard to the subject revisions will be considered at a future Evaluation Committee meeting.
