**TO: PARTIES INTERESTED IN EVALUATION REPORTS ON GLASS  
GLAZED SKYLIGHTS AND SLOPED GLASS GLAZING**

**SUBJECT: Proposed Revisions to the Acceptance Criteria for Glass Glazed  
Unit Skylights and Sloped Glass Glazing, Subject AC17-1009-R2  
(RK/DP)**

Dear Madam or Sir:

On October 6, 2009, the proposed revisions to the ICC-ES Acceptance Criteria for Plastic Glazed Skylights (AC17) under Subject AC17-1009-R2 (RK/DP) were held for further study by the ICC-ES Evaluation Committee. No written correspondence had been presented prior to, or during, the hearing. Public testimony showed support of the proposed revisions, except for the proposed revision to Section A6.2. The debate centered on whether evaluation reports that include more than one size of skylight need to identify the skylight size tested for air infiltration. The committee placed the proposed revisions on further study to allow industry and the ICC-ES staff to develop alternate proposed revisions for future committee action.
