August 22, 2012

TO: PARTIES INTERESTED IN PERVIOUS AND PERMEABLE PAVING MATERIALS AND ASSEMBLIES

SUBJECT: Proposed Environmental Criteria for Evaluation of Pervious and Permeable Paving Materials and Assemblies, Subject EC116-0612-R2 (ST)

Dear Colleague:

In June 2012, the subject proposed environmental criteria was posted on the ICC-ES web site for public comment, under the alternative criteria process. The proposed criteria had been previously presented at the Environmental Committee hearing in February 2012 to solicit input and comments and was then posted on the web site to solicit public comments on revisions made to draft. Since the posting, ICC-ES has received no comments on the proposed criteria and has decided to place it on the agenda of the next ICC-ES Environmental Committee that will meet on October 1, 2012 in St. Louis, MO

Thank you for your interest. If you have any questions, please contact Steven Thorsell, Program Coordinator, ICC-ES Environmental Programs at (800) 423-6587, extension 4313. You may also reach us by e-mail at environmental@icc-es.org.

Respectfully,

A handwritten signature in black ink that reads 'Rob Brooks'.

Rob Brooks
Director of ICC-ES Environmental Programs
