Listings are not to be construed as representing aesthetics or any other attributes not specifically addressed, nor are they to be construed as an endorsement of the subject of the listing or a recommendation for its use. There is no warranty by ICC Evaluation Service, LLC, express or implied, as to any finding or other matter in this listing, or as to any product covered by the listing.
Design, Inspection, and Installation:

The system/product must be designed, inspected and installed in accordance with the applicable provisions in the master report and SIMPSON STRONG-TIE COMPANY INC. published installation instructions.

Conditions of listing:

1. The listing addresses only conformance with the standards noted above.
2. Approval of the product’s use is the sole responsibility of the State Department of Transportation.
3. The listing applies only to the materials tested and as submitted for review by ICC-ES.
4. The reduction factor for sustained tension loads shall be in accordance with AASHTO Section 5.13.2.2 in lieu of ACI 318-14 Section 17.3.1.2.
5. The load factors and combinations shall be in accordance with AASHTO Section 3.4 in lieu of Section 1605.2 of the IBC and ACI 318-14 Section 5.3.
6. All conditions of use in Section 5.0 of the master report applies.
